

Kicked Down Again

© 1972 Albert Melshenker

From the **One More Night Like This** CD

I have seen the light
Of the uncertain night
I have touched the morning chimes
I have sung a dozen nursery rhymes

And I've been up, down, inside out and
Kicked down again

Call me any name that you choose
For I have learned how to lose
I have played all of the numbers
And I have played all of the angles

And I've been up, down, inside out and
Kicked down again

You lead the life you want
I lead the life I need
You gamble just to win
I won't see you again

And I've been up, down, inside out and
Kicked down again

I will not be changed
By any plans you have arranged
I will follow my lifeline
I will follow my lifeline

And I've been up, down, inside out and
Kicked down again
(repeat 3 times)
