Young as we are, wish on a star  
Can't take you far without me  
Lovers of old, dangers untold  
Lancelot's gold forsaken

Gwin, you're my lady, stay by me  
I'll be your champion, wait and see  
Gwin, we'll be lovers, safe and free  
When we're older someday, Gwin, if you'll stay by me

Be on your guard, they'll make it hard  
But we're not pretending  
Love carries us back  
Guinevere's pact, love never-ending

Gwin, you're my lady, stay by me  
I'll be your champion, wait and see  
Gwin, we'll be lovers, safe and free  
When we're older someday, Gwin, if you'll stay by me

And I dreamed we rode our magic horse into the sunset  
His great wings lined with golden  
As the people strained their eyes we flew away forever  
Our mountain castle waiting somewhere  
See how I care for you

Young as we are... (Be on your guard)  
Wish on a star... (They'll make it hard)  
Can't take you far... (But we're not pretending)  
Lovers of old... (Carries us back)  
Dangers untold... (Guinevere's pact)  
Lancelot's gold... (love is forsaken)

Gwin, you're my lady, stay by me  
I'll be your champion, wait and see  
Gwin, we'll be lovers, safe and free  
When we're older someday, Gwin, if you'll stay by me
