

## **Three Days**

From the **Tornado** CD

Three days moving with my love  
Out on a ledge and back  
Three days moving with my love  
Covering all my tracks  
Anyone could keep it warm and simple  
All year long, one year gone away

Three bells ringing in my ears  
A little bit out of time  
Three bells ringing in my ears  
Sharing a single line  
Anyone could play it sweet and simple  
All year long, one year gone away

Long life is for the easy  
But the race is to the swift  
Hold your peace around your lover  
The silent get the gift of a love in the night  
(repeat)

Three strings pulling on my heart  
Tearing a bit too much  
Three strings pulling on my heart  
Tenderer to the touch  
Anyone could hold it strong and simple  
All year long, one year gone away

Three days moving with my love ...
